

CONTROL, YOUR WAY

Guide to Keypads, Touch Screens, and Remotes for your Crestron® smart home

LUXURY LIVING AT YOUR COMMAND

Why is Crestron the leader of the smart home industry? Simple. We give you the best experience by far. We're the only company that designs, manufactures, and supports every single product that makes up your smart home solution. That's how we ensure the unparalleled performance and reliability that are the hallmarks of Crestron.

With our extensive collection of intuitive control options, the Crestron smart home experience is always at your command. Between customisable designer keypads, sleek and brilliant touch screens, and ergonomic handheld remotes, you'll find an elegant Crestron control device to suit every space and need in your home.

KEYPADS

Horizon™ keypad with illuminated custom etching

Crestron keypads bring sophistication and customisable control to complement the most luxurious and contemporary interiors.

Available in an expansive variety of finishes, materials, and button configurations, Crestron keypads deliver simple, on-the-spot control of audio, video, lighting, shades, temperature, security, and more.

HORIZON KEYPADS

Because perfect control is different for everyone

YOUR PERFECT LIFESTYLE, RIGHT ON THE BUTTON

Inviting to the touch and appealing to the eye, Horizon™ keypads give you custom control to accentuate your lifestyle. Buttons are fully programmable, generously proportioned for easy access and excellent visibility, and meticulously engineered to deliver a pleasing tactile response with each press.

FEATURES

- Highly configurable
- Custom engraving
- Smooth, textured, and custom trims
- Four different button styles
- Multi-colour backlighting
- Superior button feel
- Designer aesthetics

CAMEO FLUSH MOUNT KEYPADS

Elegance Faceplates and Finishes

LOW-PROFILE AND ENGINEERED TO EXCEED THE HIGHEST STANDARDS FPE-C2N-CBF Series

The name says it all. Stylish Elegance faceplates for Cameo flush mount keypads are so slim they practically hug the wall. Precisely engineered from solid metal, Elegance faceplates are available in a variety of lustrous finishes, each formulated to meet the demands of the most discerning homeowner.

FEATURES

- Solid metal designer faceplates for Cameo flush mount keypads
- Low-profile design
- Mix and match with any colour buttons
- One-piece bezel completely surrounds the buttons and LEDs
- Exceptional fit and finish
- Easy to install for new or retrofit applications

ELEGANCE FACEPLATES, ELEGANT FINISHES

With such a breadth of lustrous options to choose from, you're sure to find an Elegance faceplate finish that perfectly reflects your personal aesthetic and complements your home décor.

INCREDIBLY THIN

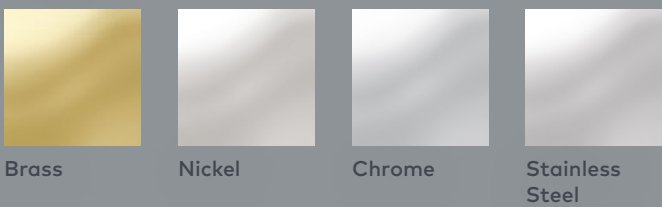

Prefer a more subtle, lower profile appearance? At just 1.2mm, Elegance faceplates are less than one-third the thickness of Ascent faceplates.

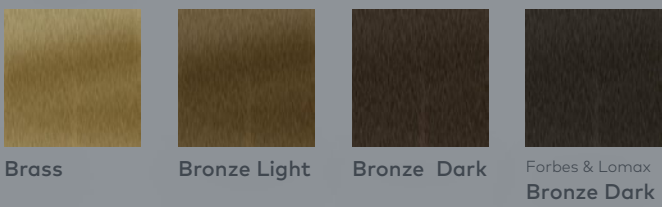

FINISHING OPTIONS

Choose from a variety of metals and plated finishes to add the right balance in the most opulent of spaces. The Satin Nickel finish furnishes a more industrial look befitting a contemporary kitchen, while Antique Bronze, Brass, White, and Primer finishes each lend an eye-pleasing accent of brushed alloy to any modern or traditional interior.

TOUCH SCREENS

Wall-mount 10" Touch Screen

Control of everything in your home should be simple. It is, with beautiful, best-in-class Crestron touch screens, available in a wide array of wall-mount and tabletop models.

A Crestron touch screen does away with unsightly piles of remotes and wall switch clutter, as well as the confusion of multiple disparate control apps. Instead, you'll enjoy fully-customised, intuitive controls and icons, true feedback, real-time status display, streaming video, voice command recognition, web browsing, and a full-featured media player for an enhanced multi-room entertainment experience.

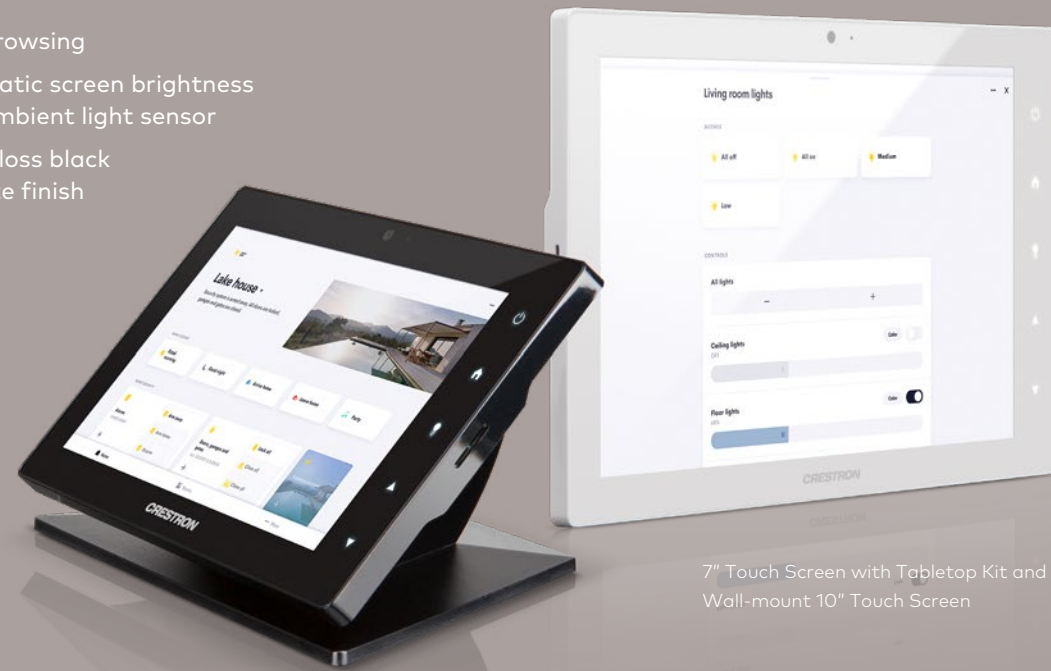

TOUCH SCREENS

5", 7", AND 10" TOUCH SCREENS TSW Series

Space-saving wall or tabletop TSW Series touch screens boast a clean, contemporary appearance with edge-to-edge glass, stunning high-definition graphics, and backlit capacitive buttons. Available in 5", 7", and 10" screen sizes, the TSW Series delivers the ultimate touch screen experience. They're designed to meet the specific needs of your home, either through customisation or the Crestron Home operating system.

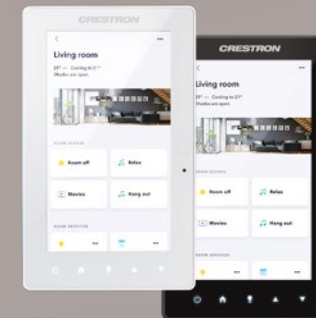

ADVANCED BUILT-IN CAPABILITIES

- Voice command recognition
- Streaming video
- Native Sonos® wireless audio integration
- HD camera and microphone to support high-quality video intercom
- Web browsing
- Automatic screen brightness with ambient light sensor
- High-gloss black or white finish

BIG TOUCH SCREEN, BIG PERFORMANCE

SUPERSIZED CONTROL

Prefer a more spacious control interface? Want to watch stunning HD streaming video and browse the web? Step up to the TS-1542 or TSD-2220.

15" TOUCH SCREEN TS-1542

The TS-1542 integrates a brilliant 15.6" full HD touch screen display and high-performance digital graphics. Premium metallic construction and edge-to-edge glass provide a contemporary look that's perfectly at home in your luxury residence. Upgrade to the Signature Series to personalise your TS-1542 in one of 15 standard colours. Or create something as unique as you by providing your own colour scheme or artwork. We'll do the rest.

FEATURES

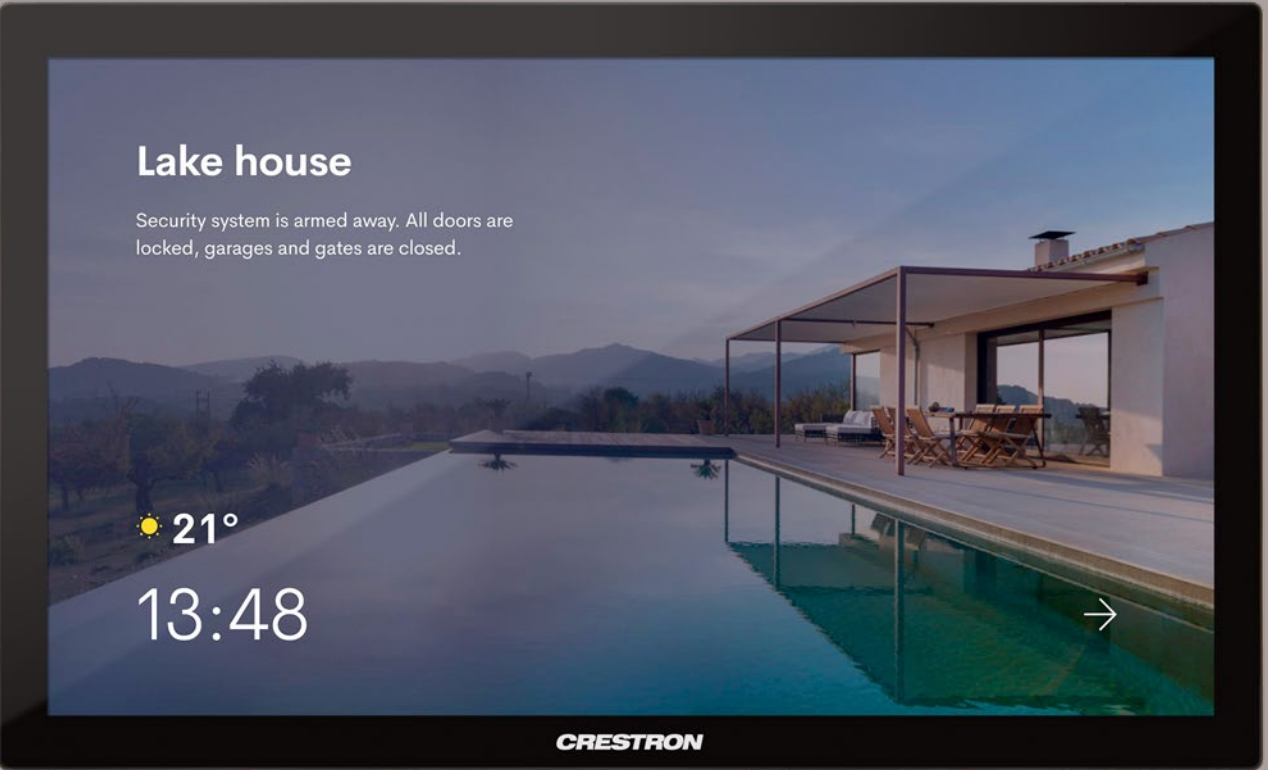

- Smooth-tilt adjustable base from 23° to 45°
- Built-in microphone and speakers
- Dual-window HD streaming video display
- Available in white, dark grey, 15 Signature Series colours, or fully customisable finishes

TS-1542 shown with Union Jack Blue Signature Series finish and custom finish.

21.5" TOUCH SCREEN TSD-2220

Go big or go home? Go big at home with the TSD-2220, with its striking and spacious 21.5" full HD capacitive touch screen display. Paired with a Crestron digital graphics engine, sold separately, you'll enjoy advanced control of audio, video, lighting, shades, climate, security, and more.

FEATURES

- Built-in stereo speakers
- Ultra-wide 178° viewing angle
- Full HD 1920 x 1080 resolution
- Dustproof and water resistant

REMOTES

TSR-310 Touch Screen Remote

Slim and stylish in every detail, and custom engraved for your lifestyle, Crestron handheld remotes take entertainment control to a luxurious and personalised new level everywhere inside – and outside – your home.

With consistent, thoughtfully designed navigation and dependable wireless performance, you'll never miss a beat as you roam about your home. Everyone can easily access his or her favourite entertainment from the same remote with MyCrestron Favourites. (TSR-310 and HR-310 only.)

TOUCH SCREEN REMOTE

HANDHELD REMOTES

TSR-310 HANDHELD TOUCH SCREEN REMOTE

Our flagship model, the Crestron TSR-310 is a remote actually worth fighting over. It combines all the best elements of the previous generation of Crestron remotes with: even more advanced functionality; superb ergonomic design; incredible button feel; voice control; custom engravable buttons; movement sensor; profiles settings; multi-colour buttons; and more. Ruggedised for durability and wrapped in a satiny smooth easy-grip housing, it delivers exceptional comfort and ergonomics for hours of one-handed use.

FEATURES

- Built-in 3" touch screen display
- Stunning resolution
- Rechargeable battery that lasts 3 – 4 days between charges
- Incredible processing power
- Wi-Fi® connectivity for high-bandwidth communications
- Voice control
- Elegant, discreet charging station

HR-310

Handheld Remote

The HR-310 Handheld Remote offers most of the same high-end features of the TSR-310 including superb ergonomic design, incredible button feel, engravable buttons, movement sensor, and more. Also, like the TSR-310, it's built for durability and wrapped in a satiny smooth easy-grip housing to provide extraordinary comfort for hours of use.

FEATURES

- Backlit tactile buttons
- Long battery life utilizing standard AAA batteries
- Nine custom engravable buttons to display the most frequently used functions
- Ultra-reliable Crestron wireless communications

HR-150

Handheld Remote

Ruggedised for durability and wrapped in a silky smooth, easy-grip housing, the HR-150 is perfectly balanced to deliver exceptional comfort and ergonomics. Backlit, soft-feel buttons provide positive tactile response and easy visibility under all lighting conditions. High-powered Crestron wireless performance assures dependable connectivity throughout your home.

FEATURES

- Backlit soft-feel buttons
- Fingerprint-resistant silk finish
- Fully programmable functionality
- 75' wireless range

UNPARALLELED PERFORMANCE, RELIABILITY, AND PERSONALISATION

Crestron is the only company that designs, manufactures and supports all of the products in your complete smart home system

AUDIO

Crestron makes entertaining truly effortless. Set the mood for the party with one touch. Want different music playing in the kitchen than in the dining area? Crestron has everything you need to deliver audiophile grade performance everywhere in your home, both inside and out.

VIDEO

Crestron takes your viewing experience to a whole new level. Whether you're watching your favourite show on cable TV, streaming a blockbuster movie, or gaming in 4K Ultra HD, one touch ensures the screen you're viewing is optimised for all content.

LIGHTING CONTROL

Once the day's done, set the perfect scene for a family dinner or to snuggle up for a movie, as the screen drops, the lights dim and you settle in for a perfect evening.

SHADES

Crestron motorized shades and drapery systems transform any room into a more spectacular space. Our stunning designer fabrics, elegant hardware, and world-class technology offer the perfect shading solution for all the windows in your home.

CLIMATE

With Crestron, your home is always at the perfect temperature. With support for multiple heating and cooling zones you can adjust the temperature of different areas of your home independently. Everyone's comfortable, wherever they are. It's intuitive, sophisticated climate control for every room and season.

SECURITY

Keep a closer eye on your home. Crestron gives you the freedom to control your security and monitor cameras remotely, promising ultimate peace of mind.
